TEAM UP WITH THE LEADING EUROPEAN SCOREBOARD MANUFACTURER

Our expertise puts us in pole position

Today, Bodet Sport is the number one provider of scoring display systems.

The international leader in time measurement and management

Since 1868, the BODET Group has never stopped innovating and is now the international leader in time measurement and management. It is divided into 4 business units: BODET CAMPANAIRE, BODET SPORT, BODET TIME and KELIO.

As export generates a substantial part of the BODET Group's turnover, it aims to continue its international expansion.

In 2021, the company generated a turnover of 110 million euros.

Over 50 years of experience providing quality services and advanced technologies

More than 860 employees in the Bodet group offering you support every step of the way.

Scoreboards tested against ball impacts

The scoreboards have been tested by an independent laboratory in accordance with the DIN standard for ball shock resistance. They were tested with various protocols depending on the sport (types of ball, shots speed, ...). For example, the test dedicated to the handball scoreboard involved up to 54 shots, up to 84 km/h speed at a distance of 4 meters. The DIN standard meets the requirements of sports federations.

Sustainable Development

The Bodet Group objectives are to ensure the sustainability and development of the group while protecting the environment and people. Our approach is certified by EcoVadis, the global leader in CSR performance evaluation and responsible purchasing. In line with this approach, the Bodet Group participates in the UN Global Compact, the worlds corporate sustainability initiative and its principles in the areas of human rights, labour, environment and anticorruption.

Badet

Bodet Sport: always by your side

Teaming up with partners

Bodet scoreboards have been FIBA certified since 1999.

The R&D team of Bodet Time Sport is made up of 50 people, some of them working closely with sports federations such as FIBA in order to design scoreboards which meet the highest standards of security, quality and technology. Our expertise allow us to be an active player in basketball official competitions worldwide. To be approved, our products regularly pass mechanical and functional tests in accredited laboratories to guarantee compliance with the regulations of sports federations.

The need for quality

To ensure the highest level in quality, Bodet never ceases to invest in its production and development tools.

The company is ISO 9001 certified in all its activities and the production site is ISO 14001 certified.

Bodet indoor and outdoor equipment has a 2-year warranty and all the LED components have a minimum life span of 10 years.

Well advised, well supported

With a technical and commercial presence worldwide you benefit from a quick response.

To support you on a daily basis, Bodet offers technical support to answer your questions in the shortest possible time.

Innovation on all fronts

From scoreboards to LED video solutions, innovation is at the very heart of Bodet's strategy, adopting the very latest software and hardware technologies.

In line with our social and environmental approach, we promote French manufacturing.

Bodet Sport designs and manufactures its products in its 14,000m² factory in Trémentines. We master the entire manufacturing process in our workshops: metalwork, painting, plastics and electromechanical assembly.

MADE IN FRANCE

The advantages of local

- Improve reaction times
- Enhance quality control in our premises
- Reduce our carbon footprint
- Maintain an internal workload at Bodet, thereby preserving our expertise.

SCOREPAD

SCOPIE STATE OF THE STATE OF TH

With this touchscreen device, you will find it easy to manage all of our indoor and outdoor sports display: Scoreboards and LED video screens.

Available languages and alphabets:

English, French, Spanish, German, Danish, Norwegian, Estonian, Finnish, Italian, Swedish, Russian, Romanian, Portuguese, Hebrew, Arabic, Serbian.

Precision and reliability at your fingertips

SCOREPAD: A wide range of sports

Ultra-Customisable

Your tastes and colour preferences really matter to us! Choice of sport, jersey colours, team names...

Multiple display formats

Multi-format display suitable for all sports!

LED VIDEO SCREEN

SCOREBOARDS

TV

Direct display of scores on screens

Connect Scorepad directly to monitors HDMI input (LED screens / TVs). Results are displayed in the correct format, with appropriate layout and sport-specific content.

It is possible to change the background, text colour and add sponsor and team logos.

Baseball

US Football

Padel

Handball

Advantages

- Intuitive and user-friendly
- Touchscreen technology
- Updates and data imports via USB key
- · Specific interface for each level of sport
- Multiple connectivity for scoring and data sharing
- A single keyboard for all sports and for all levels

SCOREAPP

With its self-referee features, ScoreApp is a scoring solution that you use directly from your smartphone or smartwatch.

Everyone can be their own referee

SCOREAPP: 7 sports available

A simple and accessible self-referee function, at your fingertips.

Connection

The connection between ScoreApp and your device uses Wi-Fi, no Internet connection is required.

Compatibility

ScoreApp uses Wi-Fi module to set up a connection between the scoreboard and the scoring software on your smartphone or smartwatch.

SMARTPHONES Compatible with Android and iOS smartphones.

SMARTWATCHES Compatible with WearOS smartwatches.

Multi-media display

Your chosen display media: scoreboard, TV screen, LED video screen or video cube. Compatible with the full range of Bodet scoreboards.

BTX 6015 or other Bodet Scoreboard

LED VIDEO SCREEN

TV

SCOREAPP BOX

The solution that gives the possibility to control Bodet scoreboards and video displays directly from a smartphone or an Android watch over dedicated Wi-Fi network. The phone that accesses the ScoreApp Box is paired by scanning a QR code. The access to the watch is accomplished from the Bodet application that can be downloaded from Google Play Store.

MULTISPORTS HALL | 8000 range

Winning Solutions

8000 range: Indoor scoreboards

We have designed our range of scoreboards to bring you a modern, energy-efficient range of equipment! This energy efficiency is achieved using single-row LED digits and LEDs that are powerful and highly legible to the audience.

Multisport for indoor

Simple and efficient scoreboards that include, in a compact format, the main scoring elements of indoor sports facilities. With perfect legibility, shock protection and anti-glare, our scoreboards are designed to last over time and stay suited to your sporting needs.

By choosing 8000 scoreboard series from Bodet Sport, you select a solution that is certified by an independant laboratory in accordance with DIN 18032-3 norms. It is complying wih the highest standards of ball shock resistance in sport venues.

Bodet scoreboards do not require an extra front protection to reach this level of resistance. It allows to avoid light reflexion and ease maintenance and installation processes.

Aquastyle

Aquastyle is a solution comprised of LED displays to provide information in different areas of the swimming pool: reception area, indoor pool, outdoor pool.

Its main advantage?

Wireless system (radio communication): ease of installation and reduced cabling costs

Aquastyle allows to display time, air temperature, multiple pool temperature and humidity.

LED display

Aquastyle Pool

A Champion of all Disciplines

We have designed scoreboards with tropicalised electronics that are resistant to cold and to high-humidity environments. Perfectly adapted to national and international ice hockey competitions, these scoreboards can display two or three penalty timers with the involved players' numbers.

The luminosity of the scoreboard can be adjusted from the Scorepad keyboard at any time during a game.

Everything for 3x3 Basketball

Bodet manufactures scoring solutions (hardware and software) dedicated to basket 3x3 and its specific environment condition. These scoring devices are extremely robust.

── Basket 3x3

BTX6002 FIBA 3X3 is the official shot clock display for 3x3 basketball competitions. It has been especially designed in collaboration with the International Basketball Federation, and meets the highest standards of security, quality and technology.

The 3x3 shot clock includes the 12 second countdown, a buzzer, a countdown stop indicator, a red LED strip to indicate the end of the period, a yellow LED strip to indicate the end of the 12 seconds possession time and a keyboard.
