BODET SPORT SCOREPAD

ScorePad is a multisport touchscreen keyboard for controlling different types of sports displays, on scoreboards, video screens or TV screens. The keyboard functions change as relevant to the selected sport and the type of scoreboard it is connected to.

+ TOUCHSCREEN

Manage the game with ease and all at the touch of a finger, with the ergonomic and user-friendly interface. Update the scores, add fouls, activate the game clock, show time out, points per player, and more. And all in real time!

+ MULTI-MEDIA DISPLAY

Control different display types with ScorePad: scoreboards, video screens, video cubes, TV screens. The keyboard adapts for your own equipment and sports.

+ ULTRA-CUSTOMISABLE

ScorePad adapts for different sports and for your own preferences, with:

- Custom game screens for each sport with icons adapted for specific game actions: red and yellow cards for football, individual fouls, time out and 3 points for basketball.
- Team customisation to display player names and numbers and team strip colours.
