

Bodet

SCOREPAD 2

The all-in-one keyboard

SCOREPAD

» **TOUCH-SCREEN**

A large touch-screen display for making navigation as smooth as on a smartphone. Game management in real time accessible to all.

» **HIGHLY CUSTOMISABLE**

A single keyboard featuring a large number of sports. Perfectly suitable for all sports with configurations and keys dedicated to each sport. Team names, logos, and jersey colours can be customised to identify each club!

» **UNLIMITED AUTONOMY**

Plug & Play powerbank for uninterrupted use of the keyboard during the game.
The battery is rechargeable and easy to replace even in the middle of a game.

>> MULTI-SPORTS

+ 40 sports available.

>> MULTI-LANGUAGES

All sports translated into 15 languages, easily interchangeable, without the need to restart the keyboard.

» MULTI-CONTROLLERS

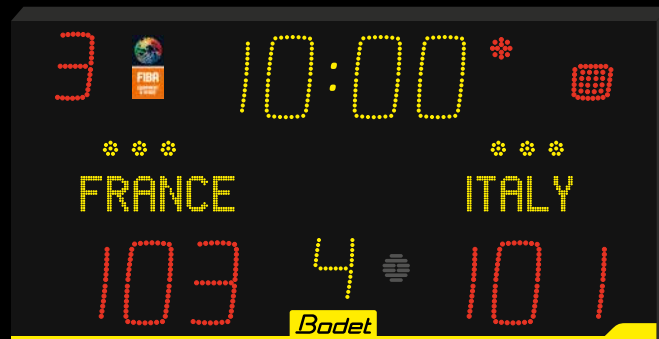

One keyboard, several controllers!

Transfer of Scorepad features on several controllers:

PC, tablets and/or smartphones (no app required) prior to display on the scoreboard.

Simultaneous scoring and game clock management from several controllers:

- one controller on the field for the coach (e.g.: smartphone)
- one controller at the scoring table (e.g: Scorepad)
- one controller for game preparation (e.g.: tablet)
